170 IAC 7-8-12 Funding

Authority: [IC 8-1-1-3](#); [IC 8-1-36](#)

Affected: [IC 8-1-36](#)

Sec. 12. (a) The ILAP shall fund all costs associated with the following:

- (1) Reimbursement of ETCs for lost revenues resulting from reduced charges for telecommunications services under the ILAP.
- (2) ILAP administration expenses incurred by the following:
 - (A) The commission.
 - (B) The administrator.
 - (C) The ETCs. Reimbursement for ETCs' administration expenses shall be limited to two percent (2%) of their collected ILAP surcharges.
- (3) Outreach expenses under:
 - (A) section 10(d) of this rule; or
 - (B) outreach methods approved by the commission as an alternative to the outreach methods specified in section 10(d)(1) through 10(d)(7) of this rule, if funds are available for outreach efforts through the ILAP.

(4) ETCs shall not be reimbursed by the ILAP for expenses to comply with 47 CFR 54.405.

(b) The funding mechanism for the ILAP shall be as follows:

(1) All carriers subject to the ILAP shall contribute to the ILAP fund pursuant to the ILAP assessment described in this subsection.

(2) ILAP assessments shall be imposed on all carriers subject to the ILAP. The ILAP assessment shall be annually developed as a percentage surcharge by projecting the total amount necessary to fund the ILAP for the ensuing twelve (12) months, divided by the prior calendar year's total Indiana net revenue. An adjustment factor shall be permitted in the surcharge calculation to account for material changes in the Indiana net revenue. The oversight committee shall determine the methodology for making such adjustments.

(3) The assessment for each carrier subject to the ILAP shall be passed through as a monthly percentage surcharge to the carrier's end user customers who are not ILAP participants. The assessment on each end user customer's bill (whether prepaid or traditional monthly billing) shall be equal to the product of the surcharge percentage multiplied by the amount of the end user's monthly bill (or monthly advanced payment for services in the case of prepaid service) for intrastate retail telecommunications services, excluding applicable taxes and other regulatory fees.

(4) Each carrier subject to the ILAP shall remit its ILAP surcharges collected each month to the administrator less two percent (2%) for recovery of administrative expenses.

(5) ILAP assessments may be modified by the administrator upon the approval of the commission up to twice per calendar year as may be necessary in order to maintain sufficient funds required for distributions to ETCs and for payment of ILAP expenses.

(6) Each carrier subject to the ILAP shall commence the issuance of end user surcharges on its customers' bills at least sixty (60) days in advance of the ILAP implementation date, in order to establish a sufficient balance in the ILAP fund for the payment of the initial start-up costs for the administration and operation of the ILAP.

(c) The initial level of reduced monthly charges for the ILAP that are state funded shall be one dollar (\$1) per ILAP participant. This reduction will result in an additional monthly discount of one dollar fifty cents (\$1.50) to ILAP participants when combined with the fifty percent (50%) federal matching support. The commission may modify the level of reduced charges, after notice and hearing, upon:

(1) its own motion; or

(2) a motion by the:

(A) oversight committee;

(B) administrator; or

(C) OUCC.

(d) Reasonable outreach expenses incurred by an individual ETC, a group of ETCs, or an agent representing an ETC or a group of ETCs in support of section 10(d) of this rule or under subsection (a)(3)(b) shall be paid from the ILAP fund as follows:

(1) Due to the limited funds available for outreach each year, any party wishing to receive reimbursement for outreach must obtain preapproval for any outreach activity to make sure funds are available to cover projected costs.

(2) The individual ETC, group of ETCs, or agent representing an ETC or group of ETCs must submit a claim for reimbursement of reasonable ILAP outreach expenses to the administrator. The administrator may designate the form and content of a claim for reimbursement.

(3) The claim shall include copies of the ETC's ILAP outreach materials, including scripts used by ETC personnel or technology. At the same time the claim is submitted to the administrator, a copy of the claim and accompanying materials shall be submitted to the commission for approval.

(e) The ILAP shall be evaluated by the oversight committee twelve (12) months after the ILAP implementation date to ensure that the:

(1) processes;

(2) funding levels;

(3) size;

(4) operation; and

(5) administration;

of the ILAP remain adequate and sufficient. Subsequent similar reviews shall be conducted on a biennial basis by the oversight committee. Notwithstanding the foregoing, the oversight committee, or any

member thereof with advance written notice to the other members of that committee, may provide at any time recommendations or any other information as to the ILAP's operation to the commission as deemed appropriate and necessary for the efficient administration and operation of the ILAP fund.
